Title: ANGULARLY ADJUSTABLE POST MOUNT		

Commissioner for Patents
Washington, D.C. 20231

The Office Action mailed on April 19, 2006 has been received and carefully reviewed. Consideration of the remarks set forth below is respectfully requested.

REMARKS

Election/Restriction

In the instant Office action, two species of the invention were identified and grouped as follows: Angularly Adjustable Post Mount configurations as illustrated in Figures 1-5 and 7, and the Angularly Adjustable Post Mount configuration illustrated in Figure 6. In a telephone conversation with the Examiner on April 4, 2006, applicant provisionally elected the configurations illustrated in Figures 1-5 and 7. Applicant hereby affirms the provisional election. Currently, claims 1, 3-14, and 16-25 are generic and claims 2 and 15 are drawn to the elected species. Thus, claims 1-25 read on the elected species.

Claim Rejections Under 35 U.S.C. §112

Claim 1 was rejected Under 35 U.S.C. §112 as unclear. The Office action requests clarification of the difference between stationary portion 105 and "anchor/footing portion."
